

June 2021

Dear Parents:

Research shows that during the summer, students lose about 1/3 of what they have learned if they do not continue using their acquired knowledge. In an effort to avoid the "Summer Slump" students are encouraged to follow the reading and math summer work below. Copies of summer work and forms can also be found on the SJA school website under the **Summer Work** Tab.

**Summer Reading:**

Read 10 books and enter them on the attached **Summer Book Log**  
Choose 3 of the books you read and write about it using the book report templates contained in this packet. Return the book report and reading log the first week of school.

**Summer Math:**

Continue to use your **IXL** account. It is a very user-friendly program. My suggestion would be to play the games no more than 15 minutes at a time, approximately 3 days a week.

I am resending the login information to set up an account. If you have been using IXL there is no need to set up an account again.

Enjoy your summer!

Mrs. Nocket
